A practical partner for essential operations

Alta Qualita Industrial Services (Pty) Ltd supports industrial and public-sector clients with the goods and services that keep workplaces, facilities and operations moving. The company supplies maintenance, repair and operations (MRO) items, including consumables, PPE, tools and spares; assembles supply packages for planned maintenance and shutdowns; undertakes building and minor electrical work within its CIDB grades; and manages industrial and commercial property.

Founded in 2020, Alta Qualita takes its name from the Italian phrase “alta qualità”, meaning “high quality”. The company works to that standard through dependable supply, fair pricing, honest dealings and long-term relationships with clients and suppliers. It operates from Richards Bay and Johannesburg.

Purpose and principles

OUR DIRECTION

CAPABILITIES

Services & delivery capability

Alta Qualita combines industrial procurement with practical site and property support. The service mix is designed to simplify sourcing, coordinate deliveries and provide a clear point of accountability.

01 / INDUSTRIAL SUPPLY

Industrial MRO supply

- Electrical cable and materials; hand and power tools.
- PPE, safety footwear and safety equipment, including Dromex, Bova, CAT and equivalent SANS-compliant brands.
- Fasteners and bolting; welding consumables; valves, fittings and pumps.
- Lubricants and general maintenance spares.

02 / PLANNED WORK

Shutdown & maintenance supply

Kitted consumables, spares and PPE assembled for planned maintenance and shutdown requirements, with deliveries coordinated to the agreed work schedule.

Supply coordination

Where specialised items are required, Alta Qualita works with the manufacturer or its authorised distributor and communicates that sourcing route up front.

03 / SITE SERVICES

Building & site works

- Office refurbishment and fit-out.
- Minor building and civil works in accordance with CIDB gradings 1GB and 1CE.
- Minor electrical installation and maintenance in accordance with CIDB Grade 1EP.
- Vetted specialist subcontractors used where required.

04 / PROPERTY & FACILITIES

Facilities & property management

- Management of industrial and commercial property.
- Tenant administration and maintenance coordination.
- Site services such as fire equipment servicing and hygiene services.

A clear, accountable delivery approach

01	02	03	04
Understand	**Source**	**Coordinate**	**Document**
Review the requirement, specification or BOQ.	Use reliable suppliers and, where needed, manufacturers or authorised distributors.	Assemble supply packages and schedule deliveries to site.	Keep orders and delivery requirements fully documented.

Why work with Alta Qualita

Empowerment & accountability 100% black-owned, 51% women-owned and B-BBEE Level 1, with consumables, shutdown supply and light site work coordinated through one partner.

Responsive coordination Prompt quotations, scheduled site deliveries and a single point of contact for each order.

Local & transparent sourcing Preference for South African-manufactured product lines; specialised items sourced through manufacturers or authorised distributors, with local-content confirmation available on request.

Procurement readiness CSD-registered, tax-compliant and CIDB-graded, with documentation prepared for tender and supplier onboarding.

Operating footprint

RICHARDS BAY, KWAZULU-NATAL

King Cetshwayo district (Richards Bay and Empangeni), Durban and the wider KwaZulu-Natal region.

JOHANNESBURG, GAUTENG

Johannesburg, Pretoria, Ekurhuleni and the Vaal; industrial and mining regions of Mpumalanga and North West.

Deliveries to Limpopo and the Free State are supported through supplier networks and local partners.

Experience you can assess
